Role of the Parents Association

Provision is made in the Education Act 1998 to allow parents of students of a school to set up a Parents Association. The Act states that:

The parents of students of a recognised school may establish and maintain from among their number, a parents' association for the school and membership of that association shall be open to all parents of students of that school.

The parents association in a school works with the principal, staff and board of management to build effective co-operation and partnership between home and school.

The role of the parent's association is set down in the Education Act 1998 as follows:

A parents association shall promote the interests of the students in a school in co-operation with the board, principal, teachers and students.
